

Operation guide -ACRYLIC SCREEN (ACR)

Thank you for buying a KINGPIN screen! Read this operation guide to get the most out of your screen.

INSTALLATION

The acrylic screen is usually mounted either in a wall (like a window) or in cords from the ceiling/wall (mounting equipment is not included.)

USE

The screen is produced for backprojection and suits perfectly in display windows.

CARE

Use a moist cotton cloth to clean the screen surface. Do not use strong chemicals.

SERVICE AND SUPPORT

Look at our webpage www.kingpinscreens.com under contact for possible service. Keep the original packing of the screen for any future service.
