

PULL-UP SCREEN (PS)

This is a portable screen with a stabile construction which endure the strains in mobile environment. The screen is provided with gas absorbers to achieve the exact height adjustment. This screen suits perfectly for the travelling businessmen and into places where there is lack of space, or maybe at home if you don't want a screen attached on the wall or in the ceiling.

SCREEN CASSETTE / COLOUR

The screen cassette is made of sheet iron, painted black.

SCREEN FABRIC / GAIN

The screen fabric is white with a base of polyester covered with PVC for a smooth surface. The gain value is 1,1.

BLACK BORDERS / BLACKDROP

The picture area is surrounded by 4 cm wide black borders on both sides and the top. Below the picture area is a so called blackdrop up to 105 cm depending on size.

This screen has a black reverse side for better contrast and to prevent leakage of light.
